

# INTERACTIVE ENGAGING dynamic

Chief's Interactive Short Throw Mount with eBeam Technology transforms any projection-ready surface into an interactive presentation tool. Simply mount the short throw arm, install the software, connect a PC & projector, and you're ready to go!

### Thumbnail Viewer

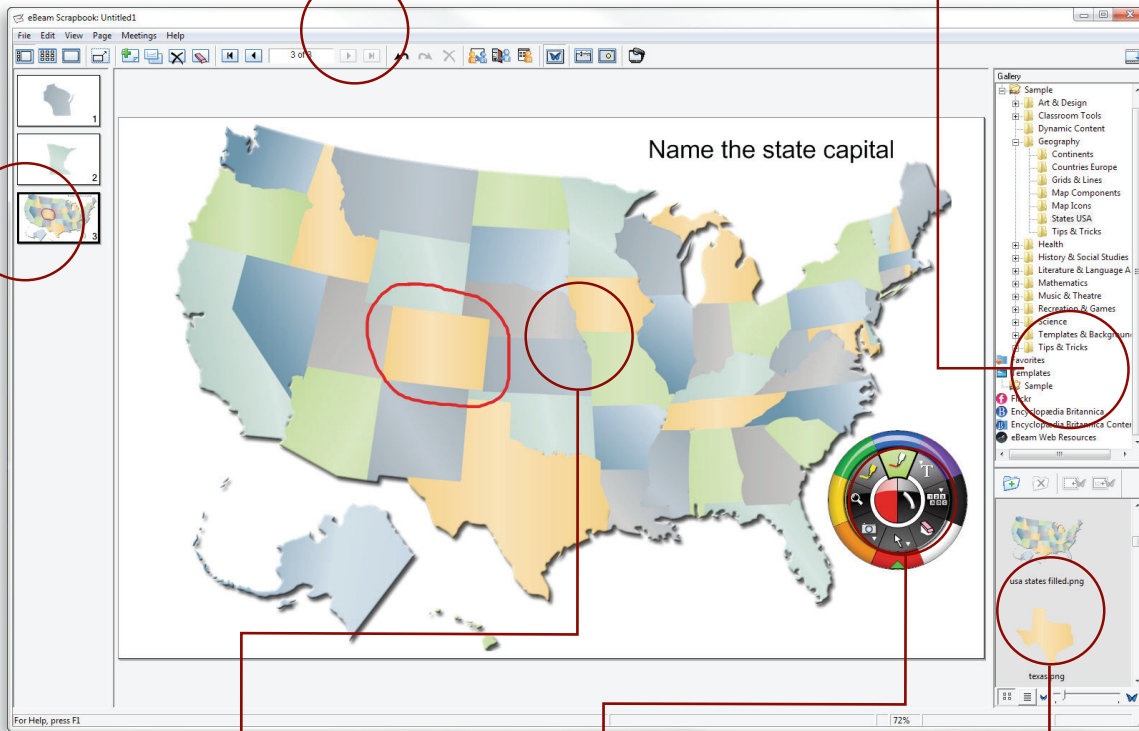

Displays the thumbnails that are part of the current Scrapbook.

### Scrapbook Toolbar

Allows you to change the view, add, duplicate or delete pages, and access galleries.

### Gallery Listing

Displays available galleries, including images, templates, and links to the Encyclopedia Britannica and other eBeam web resources.

### Page

Shows the page you are working on.

### Interactive Tool Palette

Allows you to change the function of the stylus.

### Preview Pane

Gives you the ability to preview images before inserting.

### INTERACTIVE TOOL PALETTE REVIEW

The Tool Palette consists of a series of buttons that allow you to change the function of the stylus. Here are some tips on how to use the palette:

- Middle ring of buttons – the main tools for the palette
- Inside and outside rings – options for selected tool
- Small white triangle – additional tool options. Left click and hold your pointer on tool to expand menu

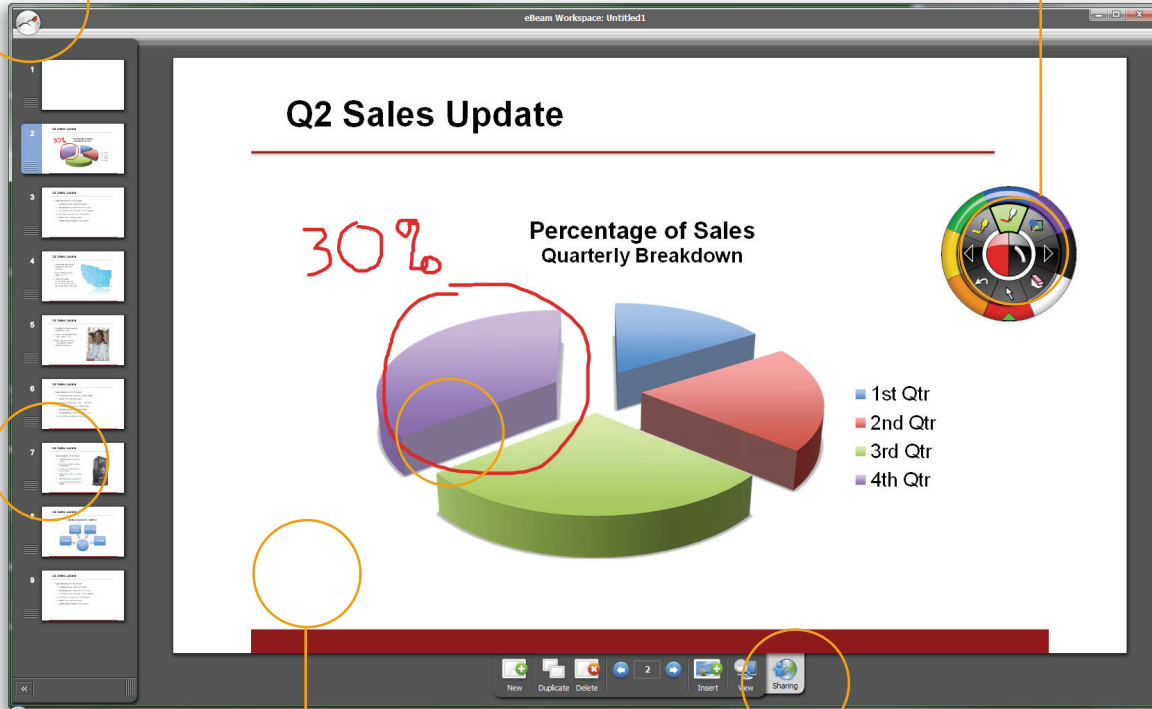

### Workspace Button

Accesses the Workspace file menu.

### Interactive Tool Palette

Allows you to change the function of the stylus.

### Thumbnail Viewer

Displays the thumbnails that are part of the current Scrapbook.

### Page

Shows the page you are working on.

### Workspace Toolbar

Gives you the ability to change the view, add, duplicate or delete pages, and insert images.

### INTERACTIVE TOOL PALETTE REVIEW

The Tool Palette consists of a series of buttons that allow you to change the function of the stylus. Here are some tips on how to use the palette:
