

Choose the rack configuration you need right off the shelf with one SKU

Chief will be shipping pre-configured Raxxess rack solutions to customers beginning in July.

You've asked for an easier way to order the most common rack configurations and we've created seven pre-configured packages to meet almost any rack mount need right off the shelf. Gangable (GAR), Enclosed (KAR) and Skeleton (SKR) original Raxxess models are the center of these new packages.

Go to www.raxxess.com to see the complete Raxxess line of products, or check out our newest online tool for building and configuring rack solutions at www.rackbuilder.chiefmfg.com.

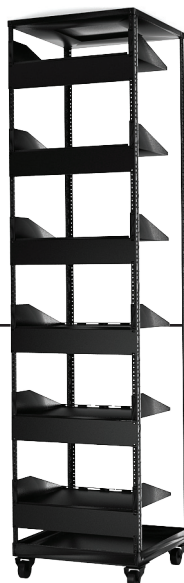

SKR-12-PKG

| Part Number | Description | Qty |
|-------------|---|-----|
| SKR-12-20 | Skeleton Rack – 12U, 20" (51 cm) depth | 1 |
| UTS-2 | Utility Shelf – 2 space | 2 |
