

NEW

WEST COAST DISTRIBUTION CENTER

ONTARIO, CALIFORNIA
BEGINNING JULY 2010

We are continuously looking for ways to make it easier to do business with Chief and improve our customer service. Located in Ontario, California, this new distribution center allows Chief to better serve our customer base along the West Coast. The local presence provides substantially shorter transit times, expedited freight cost savings and convenient order pick up of our most popular products.

Chief's west coast warehouse will be operational and will begin shipping over 100 of its most popular products including universal mounts, accessories and racks to customers starting July 2010. Customers in California and Nevada are likely to benefit most from improved transit times while Utah, Arizona, Washington, Oregon and Idaho will also see delivery time improvements.

Customer Service
7am-7pm CST, Monday-Friday
